URBAN POWERLIGHT

The professional urban white flashlight with Ultra Focus

The URBAN POWERLIGHT X1 is a USB-C rechargeable flashlight equipped with ULTRA FOCUS, making the lamp versatile for various uses. With an Ingress Protection 66 (IP66), the Urban is resistant to the toughest conditions.

The URBAN POWERLIGHT X1 features a powerful 20 Watt LED that delivers 1300 lumens of dazzling white light through the lens. With Ultra focus, you can adjust the light to your needs, from a powerful laser beam that extends hundreds of meters to a broad beam reminiscent of a floodlight, illuminating everything in your immediate surroundings.

The URBAN POWERLIGHT X1 is the ultimate light director.

The URBAN POWERLIGHT X1 with Ultra Focus has a powerful output of 1300 lumen. The lamp body is made of T6061 TIII hard-anodized aluminium. Do you want to use different light modes? It's easy with the 3 in 1 switch!
